PORTFOLIO PROJECTS

*** NOTE: Loan Amounts on this page represent the approximate amount of the approved loan at closing (or, for active conditional commitments, at time of conditional commitment announcement), including principal and any capitalized interest. For conditional commitments, loan amounts are subject to the applicant reaching critical milestones and subject to the completion of*

certain technical, legal, and financial conditions that must be satisfied before DOE enters into definitive financing documents and funds the loan. Note that in making an obligation of use of loan authority, DOE does not include capitalized interest in those amounts. For fully repaid loans, information is up-to-date as of the date of loan repayment. DOE ceases monitoring projects upon full repayment.
