General Information

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	EPA-R-OAR-CPP-24-05	Posted Date:	Feb 28, 2024
Funding Opportunity Title:	Clean Ports Program: Climate and Air Quality Planning Competition	Last Updated Date:	Feb 28, 2024
Opportunity Category:	Discretionary	Original Closing Date for Applications:	May 28, 2024
Opportunity Explanation:		Current Closing Date for Applications:	May 28, 2024
Funding Instrument Type:	Cooperative Agreement Grant	Archive Date:	Jun 27, 2024
Category of Funding Activity:	Environment	Estimated Total Program Funding:	\$ 150,000,000
Category Explanation:		Award Ceiling:	\$3,000,000
		Award Floor:	\$200,000

Expected Number of Awards:	70
Assistance Listings:	66.051 -- Clean Ports Program
Cost Sharing or Matching Requirement:	No

Eligibility

Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	See Section III of Notice of Funding Opportunity for eligibility information

Additional Information

Agency Name:	Environmental Protection Agency
Description:	The EPA Office of Transportation and Air Quality (OTAQ) is issuing this NOFO to announce the availability of funds and solicit applications from eligible entities to conduct climate and air quality planning activities under the EPA's Clean Ports Program. The EPA's Clean Ports Program will fund climate and air quality planning activities at United States ports – including emissions inventories, strategy analysis, community engagement, and resiliency measure identification – that will build the capacity of port stakeholders to continue to reduce pollution and transition to zero-emissions (ZE) operations over time. The Clean Ports Program will also fund ZE port equipment and infrastructure as part of a separate NOFO to reduce mobile source emissions (criteria pollutants, air toxics, and/or greenhouse gases) at United States ports, delivering cleaner air for communities across the country. This new funding opportunity, made possible by funding from the Inflation Reduction Act, builds on the EPA's Ports Initiative , an ongoing program that

helps our nation's ports, a critical part of our infrastructure and supply chain, address public health and environmental impacts on surrounding communities.
