Highlights

What's New!

New Grant and Loan Awards

We've awarded the final round of grants and loans under GRRP to deliver approximately \$30 million to 45 properties across 23 states to support energy efficiency and resilience to natural disasters and extreme weather events in more than 4,700 homes. This brings the total funding awarded under this program to more than \$1.4 billion. [Read the press release](#). What's New!

Leading Edge and Comprehensive Waitlists

After publishing the Leading Edge Waitlist in October, HUD has now also published the waitlist for the Comprehensive cohort. Eligible Leading Edge and Comprehensive projects not selected for an award were placed on a waitlist according to the criteria received during application review. For the full waitlists, and
