Strong Demand for Thriving Communities Program Technical Assistance

Interest in the FY 2022 Thriving Communities Program far exceeded what USDOT was able to support through the program’s first round. USDOT looks forward to continuing to work with the many communities who requested support through the [Federal interagency Thriving Communities Network](#) and facilitate connections to other [Federal and non-governmental technical assistance resources](#). USDOT also welcomes [partnerships with philanthropic organizations](#) to help advance its commitment to ensuring all communities have an equal opportunity to benefit from historic Federal infrastructure funding.

View the [list of runner-up communities](#) for the FY 2022 program. If your organization is interested in supporting a community on this list, please reach out to thrivingcommunities@dot.gov.

The [DOT Navigator](#) is a useful resource for those seeking to access existing technical assistance resources available across USDOT.
